► NOTES

ELITE BLOCK

THE ADVANCED LEVEL

The Elite Block is focused primarily on complex training. This is a very intense style of training, centered around post-activation potentiation, a powerful tool for increasing athletic performance. It's placed at the end of the program because a solid fitness foundation is a prerequisite for getting the most out of post-activation potentiation. You won't find it in the Mass rotation because complex training emphasizes speed and power over muscle growth.

HERE ARE THE VARIATIONS FOR THE **ELITE BLOCK** CALENDARS:

TAKE THE NEXT STEP – P90X® AND P90X2®

P90X3's strategic use of the 30-minute window of opportunity is very efficient for creating adaptive stress on the body. At some point you will adapt, and when you do, P90X and P90X2 are there to help you take the next step.

Both of these programs work on the Muscle Confusion™ template. P90X2 takes things further by adding training blocks for both Foundation and Performance, while most of P90X focuses on what's called the Strength Phase in P90X2. Because the Muscle Integration System of P90X2 is more thorough, following P90X3® with P90X2 and finishing things off with the original is the recommended protocol for those of you wanting to wring every last shred of fitness potential out of your body.

Of course you'll also be able to do additional rounds of P90X3 to further your results, especially using the Elite Block and the alternate rotations. But when you really want to step things up, P90X and P90X2 are your ticket to professional-level human performance.

To order P90X or P90X2, contact your Team Beachbody® Coach or visit P90X.com or P90X2.com.
